

The Marketing Professional in Japan sells your products on your behalf

\$530 Billion of Gigantic Japanese retail market

This market will expand more toward Tokyo Olympic in 2020

Current problems for entering into Japan

Even if you have promising products, it is very hard to enter into Japanese market

Here is a solution! By consignment of sales to a marketing professional, who have their own expertize and sales network, you can start trial sales at very low cost

Merits of this solution program

- You can enter into Japanese market at **very low cost**
- Japanese Marketing professional** plans and supports your sales strategy
- Can strengthen **your name recognition** not only in Japan but also in other Asian markets
- Can expect **big profits** from Gigantic market of \$530 Billion
- Not be annoyed by **complicated works** such like custom clearance
- You can increase **your export** to Japan efficiently

Please introduce promising companies in your country.
We will contact them directly and commence our joint works.
